Theme

Best of Stevenson Trail brings you the highlights of the Robert Louis Stevenson trail - that's 74 miles/124 kms of fine French trails spread over six days of great hiking. We have eliminated some rather monotonous forestry trails, not to mention the tarmac between Luc Castle and just north of La Bastide, and what's left are the paths that truly please the senses.

Best of Stevenson Trail delivers the finest sections along one of France's top-ten hiking experiences, complemented by welcoming accommodation. You get to walk the most challenging, but also the most aesthetically pleasing, from Le Monastier to Langogne and from La Bastide to Florac. You also enjoy a short taster of life on Le Cevenol mountain railway. It's all the highs without the lows as you enjoy the delights of the Upper Loire Valley, Mont Lozere and the 'chemin des crêtes.'
