Theme **Hiking in Provence** immerses you in the delights of the magnificent Ardeche Gorge and the picturesque Ceze valley. Enjoy light hiking along bucolic trails, with plenty to discover in between.

Hiking in Provence starts off in Pont St Esprit, at the confluence of The Rhone and the Ardeche rivers. You move westwards to discover the fruits of the remarkable Ardeche gorge before discovering what lies in between - the fabulous forest of Valbonne, its Chartreuse [Carthusian] monastery and the district they call Valcezard in western Provence. Little known and explored by outsiders, it is much loved by the cognoscenti. The villages are either huddled in the bottom of the valley or perched on the top of sun-parched limestone hills and gorges. Either way, you make their acquaintance as part of the ensemble of fascinating insights gained into the life and times of one of Provence's finest territories.
